STATINTL

1. As you are undoubtedly aware, this Office is becoming increasingly concerned about and involved in planning for the future. This is a follow-up to the excellent study developed by [REDACTED]. In this connection, the assignment of an ODP officer to our Policy and Plans Group is viewed as a very logical next step. Our thinking is that an ODP careerist, at say the GS-13 level, would be fully and gainfully employed by such an assignment. [REDACTED] of your Division D/Applications, after looking at our situation, endorses this point of view.

2. The communications and data-handling problems of this Office are significant and are costing the Agency dearly in terms of clearance processing time. I am determined to develop appropriate solutions, and my planning staff is quite convinced that your office can be of invaluable assistance in this endeavor.

3. I feel sure that we can work out the details on a mutually satisfactory arrangement. As a bottom line, let me suggest that we get together soon to talk about this.
